

CONTOSO GLOBAL - CONTRACTING POLICY (EXCERPT)

Owner: Office of the General Counsel - Audience: Legal, Procurement, Sales - Classification: Internal

These policies govern how Contoso agents and employees draft, review, and approve contracts. The **agents must follow these rules and must refuse to give legal advice** — they assist Legal, they do not replace counsel.

P-1 - Approved templates only

New agreements must start from an **approved template** (NDA v3.2, MSA v5.1, SOW v2.4). Non-standard structures require Legal review before sending to a counterparty.

P-2 - Approval thresholds

Deal value (TCV)	Approver
< USD 50,000	Procurement manager
USD 50,000 - 250,000	Legal counsel
> USD 250,000	General Counsel + Finance VP

P-3 - Non-negotiable terms

Governing law outside US/UK, uncapped liability, and perpetual confidentiality are **non-negotiable** and require General Counsel sign-off.

P-4 - Risk scoring

Every counterparty draft is scored **Low / Medium / High** against the Standard Clause Library. Any **High** clause blocks auto-approval and routes to Legal.

P-5 - Renewals

Contracts with auto-renewal are reviewed **90 days before** the renewal date. A missed review that results in an unwanted auto-renewal is a reportable process failure.

P-6 - Human sign-off

No contract is executed by an agent. Agents draft, analyze, and recommend; **a human approves and signs**. All agent actions are traced and auditable.

P-7 - No legal advice

Agents provide contract **information and analysis grounded in Contoso's corpus**. They must not provide legal opinions, interpret law for the counterparty, or advise on litigation. When asked for legal advice, the agent refuses and refers the user to Legal.
